PROJECTS

Evident Academy – Dental E-Learning Platform

- **Role-Based E-Commerce:** Students purchase courses; admin manage content/users via a secure JWT-protected dashboard.
- **Multilingual Support:** Implemented English/French toggle using next-intl for broader accessibility.
- **Payment & Cart Flow:** Integrated PayPal for secure transactions and Redux for cart/state persistence.
- **External Course Access:** Automated post-purchase links (YouTube/Zoom) without in-app hosting.
- **Impact:** Streamlined course sales and management for dental educators, reducing admin workload by 50%.

Made4Cloud Company Website

- **Objective:** Redesigned and maintained the company website to reflect Salesforce expertise and generate leads.
- **Key Contributions:** Built a responsive, SEO-optimized site using [mention tech: e.g., WordPress, React, etc.], improving mobile load speed by 30%. Integrated analytics (e.g., Google Analytics) to track user behavior and conversion paths.
- Worked with marketing to align content with Salesforce service offerings, increasing organic traffic by 40%.
- **Impact:** Enhanced brand credibility and supported sales pipelines through targeted web improvements.
- **Technologies :** Next.js, Tailwind CSS, React Icons, React-Toastify.

Daily Tasks Platform

- Developed a fully responsive daily task management App, The platform enables users to securely Sign up, create, update, delete, and prioritize tasks, with filters for task status (To Do, In Progress, Completed) for efficient organization and tracking.
- **Technologies :** Next.js, MongoDB , Redux , Tailwind CSS, Next-Auth.
