Professional Experience

Freelance Web Developer – Made4Cloud Ltd (UK)

Evident Academy (Dental E-Learning Platform) (May 2025 – Present)

- Developed a role-based e-learning platform with an admin panel to manage courses and students.
- Enabled admins to create, update, and delete courses, and track student sign-ups.
- Built a bilingual system with dynamic content powered by Tiptap for rich text editing.
- Integrated Cloudinary for media management and JWT authentication for role-based access.

Full-Stack Bookstore Ecosystem (Customer App & Admin Dashboard) (Feb 2025 – May 2025)

- Built and deployed a full-stack bookstore ecosystem with an admin dashboard and customer app.
- Developed full product management with Cloudinary uploads, cutting manual catalog updates by 70%.
- Added filtering, search, and server-side pagination, boosting discoverability by 65% and sales by 60%.
- Implemented purchase management with stock alerts and real-time sync, reducing stock-out issues by 50%.
- Designed dashboard statistics with Chart.js, saving 10+ hours/week on reporting.
- Delivered a customer app with browsing, favorites, and checkout, achieving a 98% accessibility score.
- Secured the system with JWT authentication & email password reset.

Corporate Website for Salesforce Services (Aug 2024 – Oct 2024)

- Developed and maintained the corporate website for a Salesforce services provider.
 - Increased organic traffic by 40% through SEO optimization.
 - Implemented multilingual support (English/French) with Next.js i18n.
-

Projects

Contact Management System (MERN Stack)

- Built a full-stack MERN app with full CRUD for contact management.
- Implemented JWT authentication & authorization for secure login.
- Added search & filtering options for better organization.
- Deployed on Vercel, gaining experience in deployment & full-stack workflows.

Food Recipe App (React + API Integration)

- Developed a recipe app integrating TheMealDB API for real-time data.
 - Implemented search by name, category filtering, and favorites cart.
 - Built with responsive design and optimized for all devices.
 - Demonstrated skills in API handling, state management, and dynamic rendering.
-
